

# MealBytes

The background image is a blurred photograph of a kitchen. On the left, a grey sandwich press is visible with a sandwich inside. To the right of the press is a dark glass bottle, possibly containing a beverage. In the foreground on the right, there is a white plate with a small portion of food. The overall scene is dimly lit, and the text 'MealBytes' is superimposed in the center in a bright, bold, sans-serif font.

**MealBytes, la technologie dans**  
**nos plats.**

A 3D printer is shown in the foreground, printing a burger. The burger is positioned on a platform within the printer's chamber. In the background, there is a glass of beer and a plate with some food. The scene is set on a wooden surface.
